WHAT IS ASA?

The **Acoustical Society of America** is the premier international scientific society in acoustics. Its purpose is to generate, disseminate, and promote the knowledge and practical applications of acoustics. A variety of fields related to sound are represented:

PHYSICS
ENGINEERING
OCEANOGRAPHY
BIOLOGY
PHYSIOLOGY
PSYCHOLOGY
ARCHITECTURE
SPEECH & HEARING
MUSIC
NOISE CONTROL
ANIMAL BIOACOUSTICS
ROBOTICS
COMPUTER SCIENCE
BIOMEDICINE
AND MORE!

MEMBERSHIP BENEFITS

Access to High Quality Research

- Journal of the Acoustical Society of America
- JASA Express Letters
- Proceedings of Meetings on Acoustics
- Acoustics Today

Network of Expert Acousticians

- ASA Member Directory
- Technical Committees
- Women in Acoustics Committee
- Student Council

Professional Development

- Early Career Programs
- Leadership Opportunities
- Technical Area Tutorials
- Writing Workshops

Funding Resources

- Travel Grants
- Presenter Awards
- Fellowships and Scholarships
- Dependent Care subsidies

HOW TO GET INVOLVED

SPRING AND FALL MEETINGS

ASA meetings are known for their relaxed and friendly atmosphere and Society members are always eager to meet and talk with new attendees. Students are encouraged to attend and present at the conferences.

TECHNICAL COMMITTEES

Technical committees (TCs) focus on specific areas of interest in acoustics. The TCs promote developments in their fields and are responsible for coverage of their subject matter.

STUDENT COUNCIL

Student Council is charged with promoting the interests of Student Members and advocating for student participation in Society activities. The Student Council helps organize special events and workshops at and between meetings.

STUDENT & REGIONAL CHAPTERS

Chapters allow students and professionals to be involved with ASA on a local level. Chapters meet multiple times throughout the year to discuss acoustics, conduct outreach and meet virtually! Membership in a local chapter does not require membership in ASA.
